

## The Philly Phlyer Circuit Race Course

The Circuit Race Course is ~6 miles long and closed to traffic, but the yellow line rule is in effect where both sides of the road are used. The first stretch on Landsdowne Dr. is a steep downhill onto a sweeping 180 degree turn. The Strawberry Mansion Bridge loop features a solid climb after a sharp 180 degree turn and a fast winding descent into a 90 degree turn back to the river. Black Rd. is a moderate climb to the final sequence, which includes an off-camber, hard turn that brings you back to the finishing straight.
